Resident Owned, Resident Run

NBN Exploratory Works Taking Place Across Sanctuary Lakes Resort

The nbn™ network is Australia's new landline phone and internet network. It's designed to provide Australians with access to all the benefits of fast and reliable phone and internet services, no matter where they live.

As part of this development, nbn Co has engaged Fulton Hogan and their contractors to undertake works across Sanctuary Lakes Resort that may involve some digging and reinstatement of nature strips, footpaths and road reserves. The work will be carried out during normal business hours, mostly in existing pits. Pedestrian and traffic management safety signs and barriers will be displayed when the work is in progress.

At this stage, works are only being undertaken to investigate the current infrastructure in place. This investigative work will take place throughout January to April 2018. We are still waiting on confirmation as to exactly which areas will receive NBN connection. We will continue to provide updates about the NBN roll out as more information is received.

Dining at Sanctuary Lakes Resort

Waterstone Cafe

- Bookings 9395 7800

Live music Friday nights

Bookings essential.

Lakeview Restaurant - Bookings 9394 9442
