EXCITING CHANGES

We've taken your feedback on board, and we're currently in the process of making some exciting changes to the way we communicate with our residents.

The first of these changes to be implemented is the redesign of our old newsletter, which will now be released each Tuesday fortnight. The second of these changes is the introduction of Sanctuary Lakes social media channels. At this stage we'll be using our social media to keep you informed with the latest news and we ask that residents continue to direct any questions, concerns or comments through OC Management, as we are currently unable to respond to these via social media and we thank you for your understanding in this matter.

In terms of the newsletter, some things will be kept the same and some things will be different. We'll continue to include important news and announcements, as well as Tom Parkinson's 'Nature's Rubik' column. But we're also adding new columns, feature articles, and we're now inviting you to contribute as well!

Maybe you've got a story you'd like to share with the community? Or a great photo you've taken from around the lake? Or maybe you've just got a suggestion on the types of features you'd like to see covered within this newsletter; whatever the case may be, we encourage you to get in touch with us to discuss it at: communications@sanctuarylakes.com.au
