

ALARM SYSTEM POWER DOWN REQUEST- FAULT

ABN: 68 604 300 549 ACN: 604 300 549

Updated: July 2015

Power down request - Sanctuary Lakes Resort

I, _____ of the address _____
_____ and mobile _____

hereby request security patrol officer (patrol officer name) _____ to disconnect the property's alarm system from all power sources due to a recurring fault in the system that requires technical attention. I understand that the alarm system will be disconnected from power until an authorised technician has attended to the fault.

I am aware that, while the alarm system is without power, the smoke detectors and duress buttons will not activate in an emergency and the alarm will not be able to activate for any reason, and that the alarm system will not be able to send signals to SLR Security Pty Ltd.

By requesting that my alarm system be powered down, I take full responsibility for the safety of my home until such time as the fault has been addressed and the alarm system has been reconnected to power by an authorised technician.

Resident's signature _____ Date _____

Please nominate if you are the owner or tenant of the property. Owner Tenant
